ADDITIONS AND CORRECTIONS

Additions and Corrections.—During the considerable interval which has elapsed since the time when the printing of the Concordance was begun, I have discovered a number of omissions and errors which I take this opportunity to make good. I would urgently recommend to every one who intends to use the Concordance either to enter each addition and correction on the margin of his copy, or else at least to make, at the places where they should properly be entered, a cross or other sign of reference to these final pages.
